

Here are some activities linked to the different parts of the curriculum we have been learning about.

These are just ideas to aid your child's learning please don't feel you have to stick to only these if you have other ideas.

<p>Reading: Lots of reading both to your child and them to you with the books we have sent home.</p>	<p>Phonics: Using the sound mats we are sending home practice writing and reading words with these sounds in.</p>	<p>Spelling: Using the common exception words mat for Year 1. Practice reading and spelling these tricky words correctly.</p>
<p>Maths: Practice adding and taking away to 20. We have learnt to count on and count backwards to help us</p>	<p>Maths: Go on shape hunts for both 2D and 3D shapes. How many can you find?</p>	<p>Writing: Choose any book that you have at home and write a character description of your favourite character in it.</p>
<p>Project: Learn all about your families history. How is your life similar or different to that of you families when they were young? Can you create a project about what you have learnt?</p>	<p>Art: Practice drawing and painting anything that you like. Can you mix colours to make secondary colours?</p>	<p>Creative time: Have fun, build with Lego, bake, draw, colour in, role play etc.</p>
