

AIMS & OBJECTIVES  
Brief Outline

To provide an excellent service for parents, incorporating high quality care for children in a safe, inclusive, caring and positive environment. We will also provide a service of support and link with the feeder schools.

Ensure a well balanced smoothly run club with all legislation being adhered to and maintained.

The club will ensure all policies; procedures and practices issued by itself are reviewed annually and parents encouraged to have knowledge of these before signing their contract.

The club also aims to establish a network of contacts with appropriate resources within the community to enhance the children's perception community.

Aim to be flexible and sensitive to individual children's needs and abilities. We don't follow any curriculums or development and learning guideline's, such as the Early Years Foundation Stage (EYFS) & Foundation stage profile, however we will support and encourage all children to develop and progress their holistic development especially social & emotional.

We aim to provide a multi-cultural environment, completely discrimination free, and actively promote equality for the children this is shown through books, posters and equipment. We will prioritise safeguarding children including Prevent duty at all times.

Achieving the aims above, the club will be allowing the children to access a variety of areas & activities independently.

We will provide a healthy & nutritional snack/light tea

We also encourage parental involvement and ensure that they are provided with regular information, aware of our policies and know how to contact us this is done at the time of registration.

From a legal aspect we aim to maintain initial standards set by Ofsted and build on them wherever possible. It will include all aspects, especially safety for the children, and have high standards of safeguarding procedures.

Staff will be recruited and employed by using the safe recruitment policy and links to the health & safety policy for ratios, qualifications.

This policy is not exhaustive of aims & objectives of the club and will be added to as needed.
