

Bitesize Daily lessons

Here I have taken the information for daily lessons you can access on the BBC from Monday. You will have to look online or the BBC iplayer guide for actual timings for lessons for each year group. (These hadn't been published as of Friday)

These are another good way of getting learning ticking over.

<p>BBC online lessons and iplayer/ Red button Lessons</p>	<p>From 20 April, you'll be able to access regular daily lessons in English and Maths, as well as other core subjects, in an expanded version of the website and also on special programmes broadcast on BBC iPlayer and BBC Red Button.</p> <p>BBC iPlayer and the Red Button service will host Bitesize Daily. These are six different 20 minute shows, each designed to target a specific age group, from ages five to 14, and for pupils throughout the UK. Maths, Science and English will be covered in dedicated programmes, and other subjects such as History, Geography, Music and Art will also be covered.</p>	<p>https://www.bbc.co.uk/bitesize/dailylessons</p>
