

Creative building....

During week beginning the 4th October the children moved on from the 'hammocks' to army style 'climbing nets' and 'trampoline' type building.

We even got the adults to join in! (Sorry no photos.)

The Den..... the children may have mentioned that the den has been demolished ☹️ this is due to the new road/carpark entrance that is being built ready for the building work to begin. But please don't be disheartened we will be working on creating another one when it has all

been finished.

Halloween Party... as some of you already know we are holding our first Halloween party on Monday 31st October in normal club times, all children are invited. Those not usually in would need to be collected at 5.30pm.
